

ANDREW SENGSOURICHANH

Wooster, OH | (330) 988-2311 | amsengsourichanh@gmail.com | linkedin.com/in/ansengs | github.com/ansengs

PROFESSIONAL SUMMARY

Results-driven automation technician and full-stack developer with proven experience in PLC programming (Allen-Bradley Logix5000), industrial robotics (Fanuc, Yaskawa Motoman DX100), and electronics manufacturing. OSHA 10 certified. Adept at troubleshooting and optimizing automated systems alongside building web applications with Python, JavaScript, and React Native.

TECHNICAL SKILLS

PLC & Robotics: Allen-Bradley / Rockwell Automation, Logix5000, Ladder Logic, Fanuc, Yaskawa Motoman DX100

Software & Web: Python, JavaScript, React Native, HTML/CSS, FastAPI, Express.js, Socket.IO, SQLite3

Design & UI/UX: Adobe XD, Wireframing, Prototyping

Manufacturing: Electronics Assembly, Soldering, Circuit Boards, Preventive Maintenance, Machine Diagnostics

PROFESSIONAL EXPERIENCE

Automation Technician | RS&B Industries — Wooster, OH Jun 2018 – Sep 2018

- Maintained automated manufacturing equipment; applied PLC programming to troubleshoot and optimize machine performance.
- Diagnosed electromechanical faults and implemented corrective ladder logic to improve production uptime.

Electronics Assembler | MC Products — Wooster, OH Jul 2020 – Mar 2021

- Soldered circuit boards and assembled sensors and cable assemblies to precise production specifications.

General Cleaner | Summit Building Services / IH Services / Newbold Services — Wooster, OH Jun 2022 – Aug 2023

- Executed commercial cleaning operations across multiple contract sites, maintaining quality standards for multiple clients.

Retail Associate | Walmart — Wooster, OH Mar 2024 – Dec 2024

- Maintained store organization, stocked shelves, and provided consistent customer service across departments.

Sandwich Artist | Subway — Wooster, OH Apr 2026 – Present

- Delivered accurate, high-quality customer orders efficiently in a high-volume food service environment.

PROJECTS & ACHIEVEMENTS

- **Nexus Web Scraper:** Full-stack web scraper with natural-language chat interface — React Native frontend, Python FastAPI backend (BeautifulSoup, NLP intent classifier, SQLite3).
- **NutriTrack:** Client-side nutrition tracking app backed by the USDA Food Database (SQLite3) for server-free meal logging.
- **Tic-Tac-Toe Online:** Real-time two-player web game on Express 5 and Socket.IO 4 with public/private matchmaking and server-side game-state management.
- **RAMTEC Robotics:** Awarded 4th Place at the Ohio State RAMTEC Robotics Competition.

Portfolio: github.com/ansengs | **Projects:** Nexus Web Scraper • NutriTrack • Tic-Tac-Toe Online

EDUCATION & CERTIFICATIONS

- Robotics & Automation Certificate — Wayne County Career Center, Smithville, OH May 2018
- High School Diploma — Smithville High School, Smithville, OH Jun 2018
- OSHA 10-Hour General Industry Safety Certification
- PLC Rockwell Automation Level I (Allen-Bradley / Logix5000)
- Fanuc Level 1 — Advanced Handling Tool Operations and Programming
- Yaskawa Motoman DX100 Basic Programming and Material Handling
